

September 2009

Hello from Krusen Grass Farms!

Like all sectors of the economy, farming is going through some tough economic times, but fortunately we have been blessed with a good growing season. With the exception of July when things got a bit dry, pastures were great and the animals look great!

What is special about beef from our farm?

Our steers are Certified Organic, grass-fed and pastured. We do not use grain in finishing the cattle. We do not use confinement, antibiotics or hormones of any kind. Our animals roam green pastures from an early age on, full of grasses, clovers and herbs. The beef is lean, yet tender and very flavorful. **Experience the difference!**

It is becoming increasingly difficult to get processing dates for custom butchering. We make our dates a year in advance, however we were able to get just three dates in December (see below) at Lake Geneva Country Meats (LGCM). Therefore in addition to LGCM we are using Cedar Road Meats (CRM) in Hustisford, North of Oconomowoc, who also have been doing a great job for us over the last three years. We have dates there for Oct., November and December. Please indicate your processor choice and we will try to accommodate you as best we can.

Specifics: The price this year is still \$ 2.85/lb. hanging weight (1/4 steer is appx. 140 lbs. hanging weight which gives you about 95 lbs. “take home meat”, depending on your cutting order). Please see order form at the bottom for butcher dates. *Please call LGCM@ 262 248 3339 or CRM @ 920-625-2887 with your cutting order within one week of the butcher date.* Processing runs between \$ 90-100 for a ¼ steer, again depending on your cutting order. It takes 2-3 weeks from the butcher date for your meat to be ready to be picked up. Their hours are Mo.-Fri. 8-5, Sat. 8-3. Once your animal has been butchered we bill you via mail. The processing cost is due at time of pick-up directly to LGCM or CRM.

Please give us your feedback in all aspects of your “Krusen Grass Experience”! We are eager to hear from you.

Again for 2010: Advanced ordering possible with down payment.

We appreciate your continued patronage and support and are proud to be your farmer!

Sue and Altfred Krusenbaum
